D.C. Zoning Board 15 July 2003

Ref: Application 17056
Residence at 2501 Tracy Place, N.W.

To Whom it May Concern:

Mr. & Mrs. Miller have asked me to write in support of their application to add on to their residence just across the street from my own at the above address.

I fully support their request in that it will enhance the appearance of the property and is within the scale of the neighboring buildings. We assume of course that the brick facade & surrounding finishes will match the existing color, patina & construction.

They have my full support.

Most Sincerely -

Penn Lupovich M.D.
