Dear Members of the Board of Zoning Ajdustments:

Be it known that ANC-1D supports the zoning application of GAP daycare, Inc. Gap has been in the Woodner building for over a decade. The business is a busy and useful one, and the Woodner building has not only renewed their lease but is working to try and provide additional space for GAP.

In light of the positive impact of this business in the Mt. Pleasant community, ANC-1D fully supports the zoning application of GAP Daycare, Inc. and hopes that this application will be successful.

Sincerely,

Dominic Sale,
Chair
