Dear Ms Kress,

I am writing in support of the appeal of Judy and Clarke Brinkerhoff et al BZA Appeal Number 17066 (4624 Brandywine Street N.W. Walsh/Jewell). I own and occupy the house immediately behind the subject property. As the Walsh/Jewell Addition has risen, I have been surprised that it could comply with the side yard setback regulations. It is simply too large for the lot. My privacy and enjoyment of my property will be limited by this enormous structure. Light and air available for my small yard will certainly be limited by this structure and the potential for increased noise from it's new heating /cooling system coupled with the addition's proximity to my property will diminish the use of my yard.
I urge you to repeal the Building Permit B452591.
Thank you for your consideration.

Sincerely yours

Edward F. Gerber
