RE: BZA Case No. 17081 – St. Patrick's Day School
Application for Party Opponent Status

To the BZA;

This is to support the filing on November 24, 2003 of Michael Lovendusky, Esq. opposing the application for a special exception to raise the caps on faculty and staff at the elementary school. I received no notice of this proceeding.

My home as at 4901 Ashby Street N.W., within 200 feet of St. Patrick's proposed junior high school campus at 4925 MacArthur Boulevard, N.W. I have lived at this address for 34 years.

Mr. Lovendusky has specific authority to represent me in this proceeding.

St. Patrick's has been in violation of the current cap for twelve years and should be penalized for such violations. Further, the deceptive introduction of the FTE concept is not recognized by D.C. Zoning laws: individual persons are the basis of Zoning law, not halves, quarters and eighths of persons.

I hereby apply for opponent status: as noted above, Michael Lovendusky, Esq. represents me in this matter.
