To: DC Board of Zoning Adjustment

We, the owners and residents of the houses immediately adjacent to the home of Jeffrey Kwaterski and Isabel Manalo of 1366 Quincy St., N.W., submit this letter of recommendation to express our support for their proposed addition of a garage and deck.

We have been shown the plans for the addition and believe that it will not have any negative impact on our property or our neighborhood. On the contrary, we believe it will improve the aesthetic and safety conditions of our alley and have a positive effect on the value of our property.

Respectfully,

Tila Berrocal
Owner and resident
