Dear ANC,

I am writing this letter in support of the proposed renovation/addition project of Jimmy Gushner at 5822 Sherier Place, NW in Washington DC. Jimmy's house is immediately west or directly behind my house. We can clearly see 5822 Sherier from the rear of our home.

Jimmy showed us the plans to get our feedback and we feel that this would be a welcome addition to the neighborhood.

Jimmy purchased the house in March and cleared the destructive Ivy and Bamboo from the lot. This has already enhanced the appearance of the lot.

Sincerely,

Brad and Pam Ryder

Dear ANC,

I am writing this letter in support of the proposed renovation project of Jimmy Gushner at 5822 Sherier Place, NW in Washington DC. 5822 is across the street. I can see this house from my front porch.

Jimmy showed us the plans as they were being developed to get our feedback and we have also seen the final proposal.

Since the time Jimmy purchased the house in March, he has already improved its appearance dramatically by cleaning up overgrown neglected landscaping and by correcting deferred maintenance to a neglected physical structure.

Sincerely,

Elizabeth Ross

Dear ANC,

I am writing this letter in support of the proposed renovation project of Jimmy Gushner at 5822 Sherier Place, NW in Washington DC. Jimmy is my next-door-neighbor immediately south.

Jimmy showed me the plans as they were being developed to get my feedback and I have also seen the final proposal.

I would also like to add that Jimmy immediately contracted to clear destructive ivy and bamboo from the lot after he purchased the property in March of 2003. I was very happy because this not only enhanced the appearance of the property but also prevented the bamboo from further spreading into my lot.

Sincerely,

Nina Novak
