Re: BZA case # 17124 601 Massachusetts Ave. NE

Dear Mr. Morris:

Thank you for talking with me today. Please find attached the letter which we discussed, with regard to the change of zoning application. I am also faxing to you a photograph of the existing property and the effect on it of the proposed new construction, if approved. I am afraid the picture will not come through clearly enough and I will bring copies to the public hearing tomorrow.

Thank you for faxing me the ANC resolution dated 3/9. You may want to know that there was an additional ANC meeting on 3/10 and that there is an additional document concerning the ANC recommendation, which I have not yet seen. I believe Mr. Bill Crews was going to present the new recommendations to the BZA and I will try to obtain a copy of the document.

Thank you again for your help with this matter.

Ilinca Bartolomeu
