Application # 17136
Africare, Inc.

Madam / Sir :

We are in favor of a zoning board approval for Africare's request for a variance .

Africare , has been a very good neighbor and many times a good friend to the entire community . My community organization has used their meeting rooms many times without cost to us.

The building is always very clean and well appointed . Their building is first class and we are proud to have them in our community .

We Urge you to approve their plans for a variance .

Sincerely ,

J. W. Smith
