Re No 17160
May 2, 2004

To Whom It May Concern:

My name is Christine Leake and I am the manager of Northwest Cooperative Homes, Association as well as a member of the Cooperative who at the inception of the Cooperative was introduced to Northwest Settlement House and the services they provide.

First, let me say that I support the erection of the new building, aside from the fact that I have in the past Twenty (25) years that I have lived in this community, I have had five (5) of my nephews, (1) niece, (1) goddaughter and now my most precious gem, my grandson, to be nourished by the Settlement House and have had nothing but positive and good experiences for my family.

I think it is a good thing for the Settlement House want to better their services for the youth in the Community and the surrounding areas.

I think that it would be a huge mistake if the Settlement were denied this opportunity that they apparently have to better their services.

I along with the Board of Directors and Members of Northwest Cooperative Homes implore upon you to grant this request.

Should you have questions, please do not hesitate to call me.

Sincerely,

Christine Leake
Community Member
Aunt/Grandmother
