Please answer all of the following questions referencing why the above person should be granted party status.
(If you require additional space, please attach an additional sheet.)

1). How will the property owned or occupied by such person, or in which the person has an interest be affected by the action requested of the Board?
The Northwest Settlement Property is 5 properties down from our garden. I do not believe the ~~prop~~ granting of zoning changes will affect us at all

2). What legal interest does the person have in the property? (i.e. owner, tenant, trustee, or mortgagee)
I am the owner

3). What is the distance between the person's property and the property that is the subject of the appeal or application before the Board? (Preferably no farther than 200ft.)
100 ft

4). What are the environmental, economic or social impacts that are likely to affect the person and/or the person's property if the action requested of the Board is approved or denied?
Approval will make the neighborhood nicer and serve its residents better. Denial will have an eyesore of a building in place

5). Describe any other relevant matters that demonstrate how the person will likely be affected or aggrieved if the action requested of the Board is approved or denied.

6). Explain how the person's interest will be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than that of other person's in the general public.

As a neighbor I have a greater interest.
