RE: 4470 Dexter Street NW – Variance Request

To Whom It May Concern:

I own the home at 4480 Dexter Street NW, which is located adjacent to the side yard where the Epstein's are requesting a setback variance.

Karen and Tony Epstein have kept me informed and involved in the development of their plans, to which I am fully supportive. The removal of the two-car detached garage, and the addition of a more modest one-car attached garage is a welcome change that will improve the aesthetics of both our properties.

I have reviewed the proposed plans and I support the requested reduction of the side yard to four feet (at the front (NE) corner of the addition), allowing for the Epstein's addition of a single story, one-car attached garage. While the Epstein's have no intention of adding a second story, I would respectfully request that this variance does not allow such a future addition to encroach on the eight feet standard side-yard setback.

Should you have any questions please call me at your convenience on my cell at 954-205-2697.

Thank you for your consideration of the Epstein's variance request, and for providing me the opportunity to comment. I look forward to this wonderful addition to the Epstein's property and to the neighborhood.

Respectfully,

Marc Teren

Re: 17169

Dear Ms. Booth:

If a copy of the following letter was not filed by Ms. Epstein, please include it with her file.

Thank you,

Alma Gates
