Re: BZA Application No. 17178

Dear Fellow Citizens,

As a neighbor within a 200 foot radius, we are writing to support the Potter's House plans to expand their facility and provide an entrance on Fuller Street. For 44 years, the Potter's House has been and continues to be a significant center for community consciousness raising to say nothing of wonderful food and fellowship. The bookstore and art gallery have meant so much to so many as well. The commitment of the Potter's House to the community was the beginning of Jubilee Housing and hence Good Shepherd Ministries. Our ministry has used the Potter's House space on numerous occasions for parent and youth gatherings, and for mentoring.

The entrances to our offices and youth activities are on Fuller Street across from the back of the Potter's House. Fuller Street. The Potter's House addition would enhance the back area on a street that can sometimes be unsafe for our clients and others. It is our hope that you will honor the Potter's House's request for a variance on FAR.

Sincerely and gratefully,

Barbara Moore
