Re: BZA Application No. 17178

Dear Sirs and Madams,

As the next door neighbor on both sides of The Potter's House , I am writing in support of the Potter's House plans to expand their facility according to the plans most recently submitted that include a 5 foot setback on the second floor from their eastern wall and the requirement that the east wall be white. For 44 years, Potter's House has been and continues to be a significant center for community consciousness raising and a good neighbor. Their commitment to the community is important to us.

The Potter's House addition would provide a needed face lift to a street that can sometimes be unsafe for my leasees and others. It is our hope that you honor the Potter's House request for a variance on FAR.

Sincerely,

Herbert W. White
