Re: BZA Application No. 17178

Dear Mr. Nero,

It is indeed a pleasure to offer this letter in support of the Potter's House and its request for a zoning variance. As a neighbor within a 200-foot radius, we strongly support the effort to expand the Potter's House facility and provide an entrance on Fuller Street. For 44 years, Potter's House has been the literal birthplace for many of the interconnected missions that have grown out of the Church of the Saviour community – a fact that is especially true for Jubilee Housing.

In additional to our general support for this important neighborhood asset, we have a practical concern in the matter as well. Our Mozart and Fuller apartment buildings face Fuller Street, where the intended addition to the Potter's House would provide a much-needed improvement to the façade of the street, also helping to make it a safer neighborhood.

It is our strong hope that you be able to support the Potter's House request for a variance on FAR. Not only would it help the Potter's House increase its capacity to offer valuable social presence for the neighborhood, it would also improve the appearance and safety as well.

Sincerely,

Jim Knight
Executive Director
Jubilee Housing
