May 11, 2004

To Whom It May Concern:

Sam and Shannon Daley-Harris are our next-door neighbors at 707 East Capitol Street, SE. Sam has shown us their plans to construct a two-story rear addition and back porch to replace the existing rear room. Their proposed addition will be a dramatic improvement over the shack-like structure that is now attached to the back of their house. We are writing to express our support for their request for a special exception. What they propose would clearly be a valuable change.

Sam and Shannon have endured many months of construction on both sides of their property. Our construction (at 709 E. Capitol) lasted for nearly one year. We urge you to grant their request.

Sincerely,

Gloria Grandolini and Laura Tlaiye
