May 11, 2004

To whom it may concern,

We live two houses down from Sam and Shannon Daley-Harris who are at 707 East Capitol Street, SE. We would like to express our support for their request for a special exception.

We have seen the proposed drawings for their addition. Their plans to construct a two-story rear addition and back porch to replace the existing rear room are welcome given the unsightly nature of the current structure on the back of their house.

We believe their plans make a positive contribution to this neighborhood and urge their approval.

Sincerely,

Larry Bowers and Susan Eubank
711 East Capitol Street, SE
