May 11, 2004

To Whom It May Concern:

We live across the back alley from Sam and Shannon Daley-Harris our neighbors at 707 East Capitol Street, SE. Our home overlooks their back yard. We are writing to express our support for their request for a special exception.

Sam has shown us their plans to construct a two-story rear addition and back porch to replace the existing rear room. Their proposed addition will be a clear improvement over the structure that is currently attached to the back of their house. What they propose would clearly be a valuable change to their home and to the neighborhood.

Sincerely,

David and Traci Hall
