To Whom It May Concern,

I live and own the property at 1308 Rhode Island Ave., NW.

I understand that my next door neighbor, the Goddards are seeking two variances for a home renovation project.

I have seen the drawings and the proposed plans for their renovation project which consists of enclosing a portion of the existing screened in porch along with enlarging their kitchen.

As I mentioned, I live directly next to them - our houses are attached - I have a completely unobstructed view of the back of their home. I am totally in favor of their proposed remodel. I think it will add a lot in terms of taste and character to their already existing home as well as adding to the overall esthetic of the back alley.

Please feel free to contact me.

It is my hope that their project is approved and any needed variances are granted.

Sincerely,

Kimberly A. Bellissimo
1308 Rhode Island Ave., NW
