Board of Zoning Adjustment
441 4th St., N. W. Suite 210 South
Washington, D. C. 20001

Re: Application No. 17204
2512 St., N. W.

Gentlemen:

There is enclosed for filing in the above case, petition sheets with 10 signatures opposing the granting of the zoning variances applied for.

One of the persons gathering signatures is out of town due to an illness in the family. Additional petition sheets will be filed as soon as possible after her return.

Yours very truly,

Alexander E. Wiskup

Alexander E. Wiskup ..

BZA
Case No. 17204
Exhibit No. 30

Board of Zoning Adjustment
District of Columbia
CASE NO. 17204
EXHIBIT NO. 30

PETITION TO
DC BOARD OF ZONING ADJUSTMENT

In Re: Application number 17204
Addition at 2512 Eye St., N. W.

We, the undersigned, OPPOSE the granting of the above application. The addition, if built, would deteriorate the character of the neighborhood. The granting of this application would constitute a precedent for similar applications in Square 17 and all of Foggy Bottom, which, if granted, would further deteriorate the neighborhood. Such overbuilding as proposed in this application would destroy Foggy Bottom as we know it today.

The zoning on this property allows only the use of 60% of the lot for building. The application asks for a 75% use, and, in addition, asks to build a three story plus garage structure right up to the alley line, thereby putting the building out of line with the other houses and blocking the view. There would be no rear yard as required by the zoning regulations. This type of overbuilding is exactly the type of thing that zoning regulations are designed to prevent. We oppose the granting of a variation from the zoning presently in effect.
