Re: Richard & Christina Donnell--2612 Eye Street, NW.
Request for 2 variances--75% Lot Occupancy & Eliminate
Rear Yard for a 3-Story Addition, BZA Case No. ~~17220~~ 17204

Dear Mr. Griffis:

At a regularly scheduled, properly noticed meeting of ANC-2A held on September 14, with a quorum present, the Commission voted 5-0, with one abstention, to request that the BZA postpone its consideration of the zoning variances on this issue. The ANC was presented with revised plans at this meeting and would like to review them in accordance with the zoning and historic regulations of the Foggy Bottom area.

We will be most happy to bring up this request at our next meeting, which will be held no later than October 20, 2004. At that time, we will forward our decision promptly to the BZA.

ANC-2A requests that the Board waive its requirement and receive into the record the attached material for the above request.

We trust that you will concur with our request, and will reschedule this application to a later hearing date. Should you have any question, please do not hesitate to contact me at 331-0191.

Sincerely,

Dorothy Miller
