Parkmont School
FOSTERING INDIVIDUAL GROWTH AND ENTHUSIASM FOR LEARNING

Detailed Statement of Existing and Intended Use

The building at 4842 16th Street, N.W., is currently used as a secondary school. Our current population is 65 students and 8 staff. The building contains three second floor classrooms, two first floor classrooms, and two basement classrooms. The school's main office is on the first floor and the director's office is in the basement. There are five bathrooms in the building. The allowance of an additional four staff members will not require any addition to or modification of the building, but will reflect the growth of the school's faculty and administrative functions to accommodate the special needs and services required to educate the school's students.
