Dear Cheryl and Harold,

I'm writing to express my wholehearted endorsement of your sunroom project. The houses on our block were constructed in an era when such niceties as sunrooms and first floor powder rooms were beyond the expectations of most homebuyers. I think we all benefit from the efforts of neighbors such as you who take active interest in the condition of their house and improve it. It makes the whole neighborhood more attractive and desirable.

If I can be of any service to you during the uncomfortable renovation period, please don't hesitate to call.

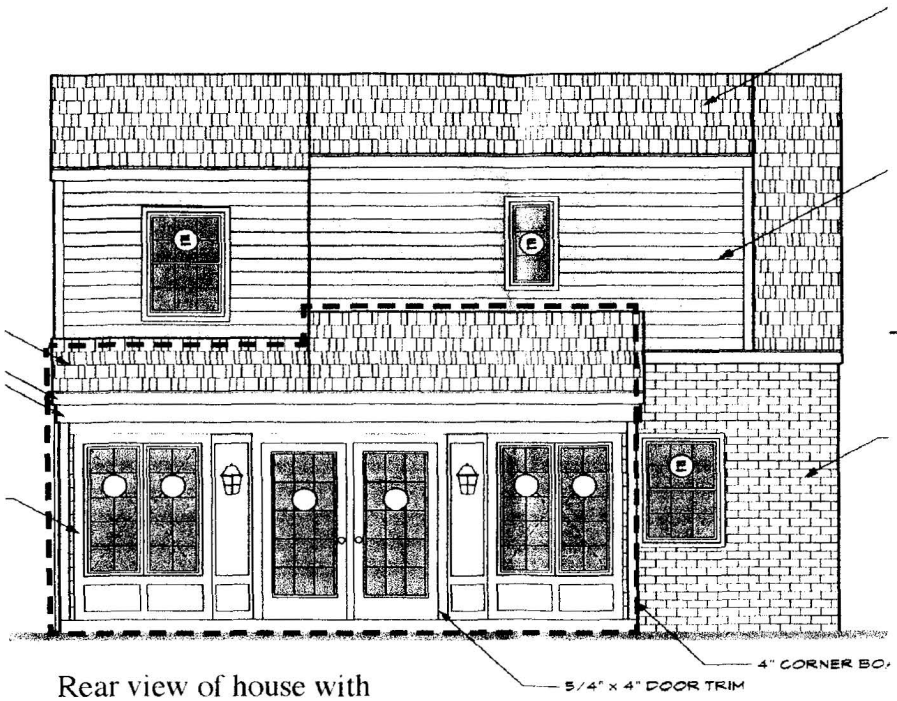

Sincerely yours,

TOM

Dear Cheryl and Harold,

As your next-door neighbor, I want to say that I think the addition you are planning is a great idea. The design looks nice and will fit in with the neighborhood. It will also make your home more "family friendly" and will add to the value of your home and the neighborhood.

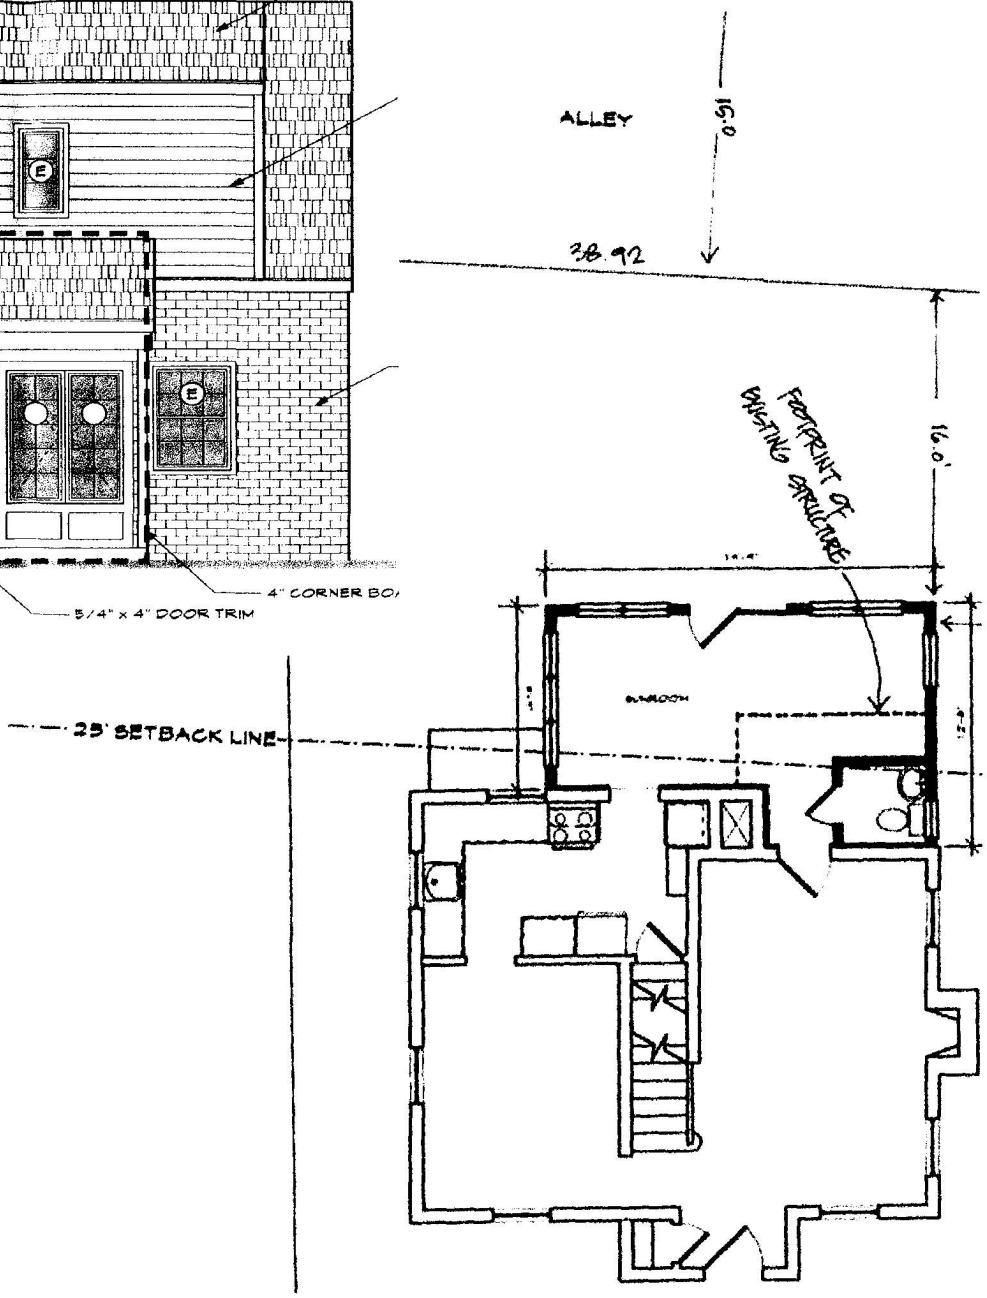

Good luck with your renovation,
