To Whom It May Concern:

I am writing to express my wholehearted support for construction of a family-community center on the grounds of St. Thomas More Church. The center will provide a much needed facility for youth and families in an under-served city neighborhood. This center will be managed by Victory Youth Centers, Inc., and will be governed by a board of directors from the surrounding area. Victory Youth Centers, Inc. will assume full responsibility for operating expenses.

Activities at the center will bring families in the community together and will engage neighborhood youth in constructive programs and developmental activities.

Sincerely yours,

Reverend Donald M. Fest, S.S.J.
Pastor
