Darnestown, Maryland 20874

To Whom It May Concern:

I am writing to convey my support for construction of a family /community center on the ground at St. Thomas More. The center would provide a badly needed facility for youth and families in an under-served city neighborhood. The center would be managed by Victory Youth Centers Inc. governed by a board of directors from the community around St. Thomas More. Victory Youth Centers, Inc. would assume full responsibility for operating expenses.

Activities at the center would bring families in the community together and engage neighborhood youth in constructive sports and development activities.

Sincerely,

Rev. Ishmael L. Shaw, Pastor
