Re: Case No. 17215

To Whom It May Concern:

I support the construction of the community/recreation center in Washington Highlands on the lot next to St. Thomas More Church. Neighborhood residents working with St. Thomas More and Paramount Baptist Churches and the Washington Interfaith Network have worked for several years to get this facility built.

The center will enhance the quality of life in the neighborhood and give residents, especially neighborhood youth, a place to go and be engaged in a wide range of constructive activities. This is essential in the Washington Highlands neighborhood, which has lots of children and not enough outlets to engage them in healthy and productive activities.

I am also aware that there will be an advisory board comprised of neighborhood residents to direct center activities. This will ensure optimum use of the new facility for the maximum number of people in the neighborhood.

Sincerely,

Frances V. Summers

Re: Case No. 17215

To Whom It May Concern:

I support the construction of the community/recreation center in Washington Highlands on the lot next to St. Thomas More Church. Neighborhood residents working with St. Thomas More and Paramount Baptist Churches and the Washington Interfaith Network have worked for several years to get this facility built.

The center will enhance the quality of life in the neighborhood and give residents, especially neighborhood youth, a place to go and be engaged in a wide range of constructive activities. This is essential in the Washington Highlands neighborhood, which has lots of children and not enough outlets to engage them in healthy and productive activities.

I am also aware that there will be an advisory board comprised of neighborhood residents to direct center activities. This will ensure optimum use of the new facility for the maximum number of people in the neighborhood.

Sincerely,

Mr. and Mrs. Tyrone Harrison

Re: Case No. 17215

To Whom It May Concern:

I support the construction of the community/recreation center in Washington Highlands on the lot next to St. Thomas More Church. Neighborhood residents working with St. Thomas More and Paramount Baptist Churches and the Washington Interfaith Network have worked for several years to get this facility built.

The center will enhance the quality of life in the neighborhood and give residents, especially neighborhood youth, a place to go and be engaged in a wide range of constructive activities. This is essential in the Washington Highlands neighborhood, which has lots of children and not enough outlets to engage them in healthy and productive activities.

I am also aware that there will be an advisory board comprised of neighborhood residents to direct center activities. This will ensure optimum use of the new facility for the maximum number of people in the neighborhood.

Sincerely,

Wm. X. Hawkins
