Please answer all of the following questions referencing why the above person should be granted party status.
(If you require additional space, please attach an additional sheet.)

1). How will the property owned or occupied by such person, or in which the person has an interest be affected by the action requested of the Board?*

Applicant's property is on Linnean Ave across from Tilden Place. Applicants' concerns are traffic on l;innean and loss of street parking. If queues on Linnean Ave are allowed to get longer, it will be difficult for us to exit driveway on to Linnean.

2). What legal interest does the person have in the property? (i.e. owner, tenant, trustee, or mortgagee)*

Owners

3). What is the distance between the person's property and the property that is the subject of the appeal or application before the Board? (Preferably no farther than 200ft.)*

We are within 100 feet of the Hillwood property.

4). What are the environmental, economic or social impacts that are likely to affect the person and/or the person's property if the action requested of the Board is approved or denied?*

We are concerned about increased traffic on Linnean and taking of available parking spaces by visitors, employees, and volunteers, among other things.

5). Describe any other relevant matters that demonstrate how the person will likely be affected or aggrieved if the action requested of the Board is approved or denied.*

Potential effects also include loss of property value.

6). Explain how the person's interest will be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than that of other person's in the general public.*

Those who live near Hillwood have a unique set of concerns based on the higher volume of traffic, and loss of street parking to those who choose not to park on the Hillwood grounds.
