1) Motion for Reconsideration – App. No. 17251

I vote to deny the motion for reconsideration on the grounds that the new submittals, and the existing record, continue to not demonstrate a clear nexus between the harms and impacts being complained of by the movant and the property that is the subject of the application.

2) Application No. 17352 of 1464 Harvard Street, LLC

I vote to approve the application with conditions as a majority of the Board may vote to adopt.

3) Application No. 17313 of E. Ertel and J. Squires

I vote to approve the application with conditions as a majority of the Board may vote to adopt.

The following transmission is confidential and intended for the sole attention and use of the recipient(s) as designated above.
