Please answer all of the following questions referencing why the above person should be granted party status. (If you require additional space, please attach an additional sheet.)

1). How will the property owned or occupied by such person, or in which the person has an interest be affected by the action requested of the Board?
There are no barrier between the parking lot and my fence and home, which cause a hazard danger to cars accidentally backing or running into them.

2). What legal interest does the person have in the property? (i.e. owner, tenant, trustee, or mortgagee)
The parking lot will cause my home owners insurance to increase and bring down the value of my property.

3). What is the distance between the person's property and the property that is the subject of the appeal or application before the Board? (Preferably no farther than 200ft.)
There are no distance between us.

4). What are the environmental, economic or social impacts that are likely to affect the person and/or the person's property if the action requested of the Board is approved or denied? My home is already subjected to the natural elements of weath because of the houses, trees and greenery that the church have torn down already.

5) Describe any other relevant matters that demonstrate how the person will likely be affected or aggrieved if the action requested of the Board is appro or denied. A parking lot will in fact cause noise and air pollution from cars.

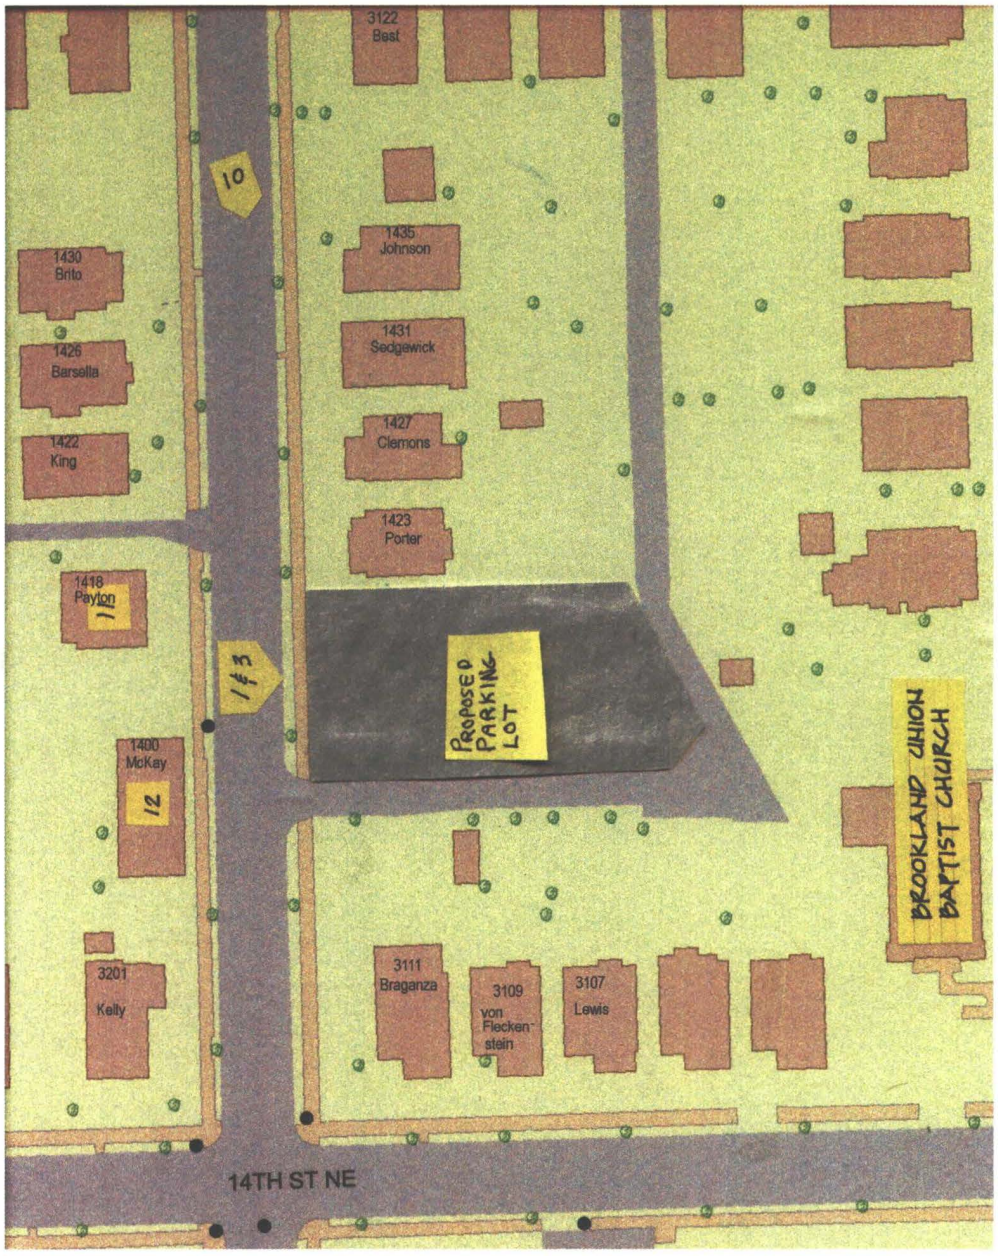

6). Explain how the person's interest will be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than that of other person's in the general public.

The traffic in and out of this lo will become very constricting two small cars can barely pass by each other in these two alley ways.
