• **Consensus:** The ANC5B neighborhood support the variance that allows development of a single-family dwelling located at 1220 Evarts Street, N.E. (Square 3936, Lot 9).

As the Advisory Neighborhood Commissioner for this community I walked door to door explaining the variance needed build on the lot at 1220 Evarts Street, N.E. and continue to build a single family dwelling. The neighbors were requested to complete a card (name, address, check agree/disagree, contact number) and sign. Some of the residents were not at home and a few preferred not to complete the card. The consensus was to support the variance.
