RECEIVED
D.C. OFFICE OF ZONING
2005 FEB -4 PM 2:58

MEMORANDUM

TO: Mr. Joel Lawson
Development Review Planner
District of Columbia Office of Planning

THRU: Commander
Second District

THRU: Assistant District Commander
Second District

SUBJECT: BZA Application 17276 – 2101 Foxhall Road, Northwest

On Wednesday, December 29, 2004, correspondence was received by this department from you requesting our comments regarding the BZA Application 17276 – 2101 Foxhall Road, Northwest. Your department was tasked with providing a review of any zoning adjustment application from a law enforcement prospective and how the proposed development would effect traffic, crime and patrol. (Attachment #1) This correspondence was forwarded to Lieutenant Jeannie M. Sullivan assigned to Patrol Service Area (PSA) 205 for comment.

Officer Anthony McElwee is currently the assigned traffic officer for PSA 205. Officer McElwee conducted a traffic study that revealed the following. Foxhall Road, Northwest, is a two lane roadway running predominately in a North and South direction. Foxhall Road, Northwest, experiences a heavy volume of traffic and congestion in both directions during the morning and evening rush hours. Officer McElwee conducted a traffic survey at the intersection of Foxhall Road, Northwest, and "W" Streets, Northwest, on the following dates Friday, January 7, 2005, Monday, January 10, 2005, and Thursday, January 13, 2005. The times the traffic was monitored were from 7:30 a.m. to 10:30 a.m. (morning rush hour) and 4:00 p.m. to 6:30 p.m. (evening rush hour). The posted speed limit is twenty-five miles per hour. Officer McElwee while utilizing radar equipment found the highest speed to be forty- five miles per hour, twenty miles over the posted speed limit. Officer McElwee issued thirty-one notices of infractions for speed violations during this time period. (Attachment #2)

There are approximately two officers per tour of duty patrolling PSA 205; the proposed development would increase the calls for service for these officers.

BZA
Case No. 17276
Exhibit No. 27

Board of Zoning Adjustment
District of Columbia
CASE NO. 17276
EXHIBIT NO. 27

In closing, this area is known for its large population of wildlife residing in this wooded area. This area is known to be the home of a rare albino deer. This development would have an impact on the wildlife. I would recommend the Environmental Protection Agency, the National Wildlife Federation and the Nature's Conservancy be contacted to conduct studies concerning the environmental impact on this planned development regarding the wildlife and plant life residing in this wooded area.

If I can be of further assistance please contact me at (202) 282-0050. Officer Anthony McElwee can be contacted at (202) 282-0070.

Sincerely,

Jeannie M. Sullivan

Jeannie M. Sullivan
Lieutenant
