BZA Application No. 17280

Dear Ms. Kress:

According to DCMR 3115 and 3115.1 Advisory Neighborhood Commission held a community meeting on January 26, 2004. Notification to the applicant was by phone.

The commissioners present were R. Calvin Lockridge, Dorothea Ferrell, Barbara Hodge, and Mary Cuthbert, which constitute a quorum.

Ms. Cannon (applicant) Child Development Center at Newcomb Street, SE requested an increase in the amount of children at her facility. Commissioner Cuthbert Visited the Child Development Center in December. Presently there are 31 children and six (6) employees.

The location of this Center is beneficial to the residents in the area. Most people can walk to the facility, which alleviates parking and traffic problems. Ms. Cuthbert made a few interior repair recommendations. The quality of service that is given to the children is superb.

A motion was made by Commissioner Lockridge to support the request of having additional children at the center, and seconded by Commissioner Hodge, the vote unanimous.

The person to speak for the commission will be Mary Cuthbert, Chairman 8C03.

Sincerely,

Mary J. Cuthbert, Chair
8C03
