Re: Appeal of Patrick Carome to the BZA, No. 17285

Dear Richard:

This letter requests certain information from you and Mr. and Mrs. Economides relating to the above-referenced BZA appeal.

1. Exhibit 5 to your recent submission to the ANC included a one-page letter from Specialized Engineering to your client, dated December 15, 2004, asserting that the firm had "performed construction observations and materials testing" with respect to the "wall" under construction at 4825 Dexter Terrace. Curiously, although that letter stated that "[w]e have documented our inspections in reports previously submitted to your office, and attached to this report," your Exhibit 5 did not include copies of any such inspection reports. Would you please send me copies of those reports as soon as possible?
2. Exhibit 5 to your recent ANC submission also included a one-page, partially executed form of request to the DCRA for processing of unspecified "attached plans" for construction of an unspecified structure at an unspecified location. This form appears to have been executed by a William K. Ryan on December 17, 2004. Would you please provide me with a copy of any and all "attached plans" to which this certification was attached or meant to refer? Also, would you please explain why Mr. Ryan signed such a form in December 2004 and please advise whether this document or any similar document was ever submitted to DCRA in connection with the permit at issue in the BZA appeal?
3. Apparently due to multiple re-faxing, both pages of Exhibit 5 are difficult to read. Would you please provide me with more readable versions of each?
4. I sent you two e-mails on February 3 asking you for a complete copy of the bound

booklet of engineering information relating to the "retaining wall." (See e-mail chain attached). Since you have not yet complied with that request, I now renew it once again.

In light of the imminent hearing date in the appeal and associated briefing timetable, I ask that you provide me with the requested documents and information as soon as possible, and in any event, no later than noon on Monday, February 14, 2005.

Thank you for your cooperation.

Sincerely,
