Re: BZA Appeal No. 17285
Appeal of Patrick Carome
(4825 Dexter Terrace, N.W.)

Dear Chairman Griffis and Board Members:

On behalf of the property owners in this appeal, I hereby object to appellant Carome's Amendment to Expand Appeal filed on May 4, 2005. This latest filing does not seek, as it must, permission of the Board to expand the appeal in this case. It is simply filed as an amendment to object to the placement of a fence in the rear yard of the property owners.

The Board should deny the amendment since:

1. It is filed too late to be heard as part of this appeal.

2. The fence was constructed pursuant to a proper permit attached hereto.

3. DCRA officials were notified in advance of the request for the permit by the owners because of the safety concerns that someone could fall off the retaining wall in the rear yard and be seriously injured without a fence. DCRA officials concurred that safety was paramount. This is especially true in light of the number of trespassers on the subject property and "no trespass" signs have been posted on the property. (Appellant's purported amendment at page 1 concedes that "there will have to be some sort of fence . . . to protect against people falling off the side and plunging to their death in federally owned public parkland below . . .".)

BZA
Case No. 17285
Exhibit No. 67

Board of Zoning Adjustment
District of Columbia
CASE NO. 17285
EXHIBIT NO. 67

4. The fence does not exceed the maximum height of 7 feet above grade as set forth in Section 3110.3 of the Zoning Regulations.

Sincerely,

Richard L. Aguglia
