Muse Architects, established in 1983, is an office with extensive experience in residential, institutional, commercial, and urban design projects. As an office of twenty people, and with an established relationship with all related engineering consultants, Muse Architects provides full services for various scales of architectural commissions. The work of Muse Architects has received more than ninety-five design awards, including those from the National, Washington, Maryland and Baltimore Chapters of the AIA, the National Trust for Historic Preservation, and the Masonry Institute. The work of Muse Architects has also been reviewed in more than one hundred and twenty five architectural books and periodicals.

Stephen Muse, FAIA received a Bachelor of Architecture from the University of Maryland and a Master of Architecture in Urban Design from Cornell University. Prior to establishing his private practice, Stephen practiced in the office of Hartman-Cox Architects in Washington, DC. He has also been a member of the design faculty of the Departments of Architecture at the University of Maryland, Cornell University and Harvard University, and has been a member of the Washington Chapter/AIA Board of Directors, and the U. S. Commission of Fine Arts, Georgetown Historic District Board. In 1996, Mr. Muse was elevated to Fellowship in the American Institute of Architects, because of his notable design contributions to the profession of architecture.

William Kirwan, AIA received a Bachelor of Arts in Architecture and a Master of Architecture from the University of Maryland. William joined Muse Architects upon graduation in 1987 and became an Associate in 1992, a Senior Associate in 1998, and a Principal in 2003. Since joining the firm, William has served as Project Architect and Project Manager for many of the firm's award winning residential and institutional commissions. William also currently serves on the Washington Chapter/AIA Board of Directors as Director for Design Issues, and is an adjunct faculty member at the University of Maryland School of Architecture.

Ruppert Nurseries Headquarters 2004
A new headquarters office development incorporating an historic house for Ruppert Nurseries in Laytonsville, MD.

Principal Master Planning and Urban Design Projects

Glen Echo Park 1983
Site planning study of the Crystal Pool sector of historic Glen Echo Park, Maryland, including a new outdoor theater, playground, festival grounds, and bandstand.

Historic Porto Bello 1990
Site planning of the historic residential complex for new owners, Ben Bradlee and Sally Quinn in St. Mary's County, Maryland, including the manor house, guest house, study, five barns, new swimming pool, tennis court and poolhouse, new gardens, drives, parking courts, forecourts, brick walkways, fences and gates.

Christ Episcopal Church 1990

Site planning of three new buildings on the grounds of historic Christ Episcopal Church in Columbia, Maryland, including a new worship/fellowship building, reception/nursery building, and classroom/office building, as well as the planning of outdoor gardens and recreational fields.

Prince Frederick Urban Design Competition 1990

First Place Urban Design Competition entry proposal for the future development of the Calvert County seat, including 300,000 sf. of additional office/retail space planned within a system of town squares, gardens and parks.

Dunkirk Town Plan 1991

Planning for the development of a traditional town in Calvert County, Maryland, including the location of new streets, squares, gardens, parks, and buildings; and the establishment of zoning regulations to facilitate this new plan.

A Center for Civic Activity in the Town of Blacksburg 1992

An Urban Design Competition entry proposal for the future development of Blacksburg, Virginia, including a new library, community building, historical society building, as well as additions to the town hall and commercial structures, designed about the new Blacksburg Town Park.

Historic St. Mary's City 1993

Full architectural services for the relocation of the historic Brome/Howard House, including the main residence, all outbuildings, proposed entry drives and parking, landscaping, and all associated utilities.

St. Mary's College of Maryland 1994

Feasibility study for a new residence for the President of St. Mary's College, including schematic design proposals for the renovation of the historic Brome/Howard House, and a new residence at Pope's Freehold Fields.

The Lab School of Washington 1996

Site planning of a new Arts Center and a new Athletics Center around a campus green on the site of the existing school facilities in Washington, DC.

Trinity Church of St. Mary's 1996

Site planning of an addition to the existing Parish Hall, including a new exterior courtyard, that facilitates a through-site easement for St. Mary's College.

Truro Episcopal Church 2000

Master planning for the expansion of all facilities at Truro Episcopal Church in Fairfax, VA.
