Transportation Policy and Planning Administration

Memorandum

TO: Jerrily R. Kress, FAIA
Director, Office of Zoning

FROM: Kenneth G. Laden
Associate Director

DATE: April 12, 2005

SUBJECT: BZA Application No. 17300 – St. Patrick's Episcopal Day School
4925 MacArthur Blvd, NW – Request for Special Exception

The District of Columbia Department of Transportation (DDOT) has reviewed the above project, which entails an increase in enrollment from 40 to 60 children. The fifteen existing parking spaces for faculty and staff are adequate and require no adjustment.

The School is located at the intersection of MacArthur Boulevard and Ashby Street, NW and operates between the hours of 7:30 AM and 4:00 PM. As part of the transportation management plan, students are picked up and dropped off by the School's shuttle bus. Thus, the 20 additional students will arrive and depart from St. Patrick's School by this mode and may add one shuttle bus trip due to capacity.

The increase in enrollment will minimally affect the existing level of service of the surrounding street system. From a transportation standpoint, the project will not have an adverse impact on the area road network. Accordingly, DDOT has no objection to the project.
