BZA
Case No. 17304
Exhibit No. 32

Subject: BZA Application No. 17304
Request

The Advisory Neighborhood Commission 7C respectfully request additional time regarding our decision on the above cited case. ANC 7C was not made aware of the proposed project until several weeks ago when correspondence was received from the Court Services and Offender Supervision Agency (CSOSA) informing us of their intent. CSOSA was invited to the monthly ANC community meeting on 14 April 2005 and presented their case. However, the Commission as well as some community members have additional questions that must be addressed

Board of Zoning Adjustment
District of Columbia
CASE NO. 17304
EXHIBIT NO. 32

before we can vote intelligently on this matter.

While the proposed project is in 7D, the Advisory Neighborhood Commission law/rule states that persons in the affected area should be notified in a reasonable time and be allowed to participate in the process.

Your consideration of this request is appreciated.

Sincerely,

Catherine A. Woods for M. Chambers
Commissioner 7C
