Petition

Did you know that Metro plans to build a 5-story building on top of the Benning Road Metro station for a new federal office building of CSOSA, the Court Services and Offender Supervision Agency, to oversee parolees returning to the community from prison? **What will this mean?** There will be 80-90 parole officers and staff working there, about 500 people a day, on parole, coming through our neighborhoods, near Smothers, Plummer, Benning, and Fletcher Johnson schools, more air pollution, traffic and trash. They will come for drug testing, services, meetings, reporting in. What we need are jobs for our residents, security for our seniors, safety for our children and families, and affordable housing in our community. We don't want a repeat of Division and Nannie Helen Burroughs Avenue, with the addicts on the corners and panhandling in our neighborhood here at Benning Road. We, the undersigned residents and community, are opposed to having this site in our community.
