Re: BZA Application No. 17304
Zoning Appeal –BZA Decision to Hear Application No. 17304

This letter is written in opposition to the WMATA Application No. 17304 to allow construction of a five-story commercial building and auxiliary parking lot located at 45th Street and Benning Road, NE and 46th Street and Central Avenue NE.

My request to appear and participate as a party is twofold and is based upon the following:

First and foremost, the application No 17304 filed by WMATA was not filed in accordance with the rules and should be voided for the following reason:

It is my belief that with willful calculation, and with malice and unethical forethought, WMATA and its representatives, Arnold & Porter, sought to influence the Zoning Commission's decision respecting a permit to construct a five-story office building located on the premises of 4500 Benning Road, NE by systematically denying certain property owners within a 200 foot radius of the proposed site, their right to due process according to the Board of Zoning Regulations.

The instructions of the application filed by WMATA specifically state that "Any notice of application for action provided in the District of Columbia Zoning Regulations (11DCMR Zoning) that is not completed in accordance with the following instructions shall not be accepted." AND

"REQUIRED information to be submitted when making an application submission includes... F. The names and mailing addresses of the owners of all property within 200 feet, in all directions from all boundaries of the property involved in the application, and self-stick labels of the names and mailing addresses of the owners of the properties".

BZA
Case No. 17304
Exhibit No. 45

Board of Zoning Adjustment
District of Columbia
CASE NO. 17304
EXHIBIT NO. 45

As further proof, The Exhibit Log for case 17304 for Applicant WMATA received 2/10/05 and initialed by Office of Zoning Staff (EB) shows that Exhibit #8 was submitted consisting of only two pages, twenty-five names (two of which are duplicates).

The evidence provided shows that WMATA and its representatives, in a systematic fashion, knowingly sought to disenfranchise all property owners (particularly those with even addresses) with property interest directly abutting the above referenced WMATA proposed site. WMATA also failed to notify the Industrial Bank of Washington, a commercial business also located well within the 200-foot radius of the proposed WMATA site.

These property owners and I were omitted from the applicant's list so that we would not oppose the project that would cast a five-story shadow (six including the additional penthouse/mechanical roof structure) directly over their two-story dwellings. The Industrial Bank of Washington was not informed of the project because rerouting the traffic through the alley for the proposed building would certainly conflict with the traffic patterns of the bank. The logical assumption is that WMATA desired no opposition from the bank and therefore kept notice of the project from the bank, as well.

The mere fact that the applicant resorted to deceitful tactics with respect to circumventing the Zoning rules in filing its application, is only the tip of the problem.

Whereas the applicant is required to post the property at least 15 days prior to the hearing, the applicant selected to post only on a portion of the property upon which this application is based. Specifically and only, the vacant lot located at the corner of 46th and Central Avenue NE (SSL: 51380126 and SSL: 5138 0083). Property owners were given the impression that only the lot was to be developed and had no idea that plans involved the destruction of the Metro Kiss and Ride lot and infringement on their safety.

As for the second part of my reason to seek audience with the BZA regarding the WMATA application:

The project, which was hastily proposed without the benefit of a traffic study, stands in opposition to good urban design as well as the overall intent of the Zoning Commission itself which is: "To promulgate regulations in accordance with a Comprehensive Plan designed to lessen congestion in the street; secure safety from fire, panic, etc; promote health and general welfare; provide adequate light and air; prevent undue concentration of population and overcrowding of land; advance health, safety, transportation, prosperity, civic activity, etc; provide protection of property; and further economy and efficiency in provision of public services." (*Zoning in the District*, p.1)

As a homeowner in Ward 7, I live less that fifty feet from one of the proposed WMATA sites and within one-hundred feet of another. My family as well as all of the families with even addresses (with rear entrances facing Metro) were conveniently left off of the list and consequently were not informed of the project, which will directly affect us. My home, addressed 32 - 46th Street, NE Washington, DC, as well as the homes of my neighbors will be eclipsed and adversely affected by the project for the reasons that include, but are by no means limited to the following:

The stifling overshadowing appearance and effect of such a tower will without doubt affect sunlight and air circulation, and contribute to traffic congestion, noise and air pollution, and will diminish the overall quality of life in this neighborhood for decades to come. This six-story building (when counting the proposed penthouse) will later present itself as an excuse for other developers to manipulate the limits of the zoning laws and permit seven story buildings within this C-3-A zone. My fear is that as a Ward 7 resident, I will soon become an afterthought and developers, the central theme; that this six-story mistake-in- judgment, towering above every building for miles around will become a monument to itself and a lasting tribute to the ills of this ward and the city as a whole.

And if that were not enough, consider the influx of 25,000 criminals into this neighborhood at a rate of 500 per day. The very idea is tantamount to an assault on my physical safety, the safety of my property and its value, my comfort and safety in traveling, the safety of my children, and my general overall well being. The long-term negative impact of which may never be calculable. (If you doubt the validity of my concern, just ask yourselves, "How many of these buildings would you want within 100 feet of YOUR home?")

The crush of vehicles, pedestrians, and chaos ensuing from this project is sure to duplicate the nightmarish events that have occurred at the Shady Grove Metro station where a regular rider describes his experience to Richard A.White (CEO WMATA) on November 2000 as follows: "I have noticed an increasingly tense situation in the drop off area on the 355 side. Cars frequently double park or hang out into the drive-thru lane to collect passengers or wait. This creates honking horns and yells from other drivers. I have seen countless cursing matches and near fist fights as many drives vie for very tight space. I would suggest you have metro police take a look and perhaps post an officer in this area to keep cars moving and keep the peace."

Furthermore, by even considering use of the alley as a thoroughfare in conjunction with the proposed parking lot annex located across the alleyway from the main proposed building, the applicant has demonstrated a callous and willful disregard for the safety of this entire neighborhood. Many of my neighbors and their children use the alley as a pedestrian walkway to traverse to and from their homes/schools when using the subway.

To consider such a design/project without the benefit of a traffic study and without the input of all citizens affected within the 200-ft parameter is a flagrant, unconscionable disregard for the law and for human life and at the very least, WMATA's application should be considered void.

Respectfully submitted,

Jeannie Knox

INSTRUCTIONS

Any notice of application for action provided in the District of Columbia Zoning Regulations (11 DCMR Zoning) that is not completed in accordance with the following instructions shall not be accepted. Do not mail this form to the Board of Zoning Adjustment.

1. All applications shall be made on Form 120. All applications must be completely filled out and be typewritten or printed. If additional space is necessary, use separate sheets of 8½" x 11" paper to complete the form (drawings and plans may be no larger than 11"x17").

2. Present this form and supporting documents, in person, to the Office of Zoning at 441 4th Street, N.W., Suite 210, Washington, D.C. 20001.

3. At the time of filing an application before the Board of Zoning Adjustment, the Petitioner shall pay a filing fee in accordance with the Board of Zoning Adjustment Schedule of Fees (11 DCMR 3180).

4. **REQUIRED information to be submitted when making an application submission, includes one (1) original and twenty (20) copies of the following (except for labels of which (1) original and (1) copy is required):**

   A. All applicants shall obtain from the Zoning Administrator (DCRA) a memorandum directing the applicant to the Board of Zoning Adjustment prior to filing this application or file through self-certification using Form 135. For self-certification, a licensed architect or attorney must certify the proposed relief requested.

   B. A plat, drawn to scale and certified by a DC licensed survey engineer or the D.C. Office of the Surveyor showing boundaries and dimensions of the existing and proposed buildings and accessory buildings. Also required are architectural plans and elevations in sufficient detail to clearly illustrate any proposed building to be erected or altered, proposed landscaping/screens and building materials. Submittal of plat and plans shall not exceed 11? x 17? in size. (See Form 130 – Plat, Plan and Elevation Specifications for the required information on these drawings.)

   C. A detailed statement of existing and intended use of such building or part of building.

   D. A detailed statement explaining how the application meets the specific tests identified in the Zoning Regulations for variance (area and/or use), special exception or other specific relief being sought. (See Form 121 – Applicant's Burden of Proof for Variance and Special Exception Applications.)

   E. Three color photograph views of appropriate size, not-to-exceed 8½? x 11?, showing pertinent features of the building and the property involved (front, rear and sides, if possible).

   F. The names and mailing addresses of the owners of all property within 200 feet, in all directions from all boundaries of the property involved in the application, and self-stick labels of the names and mailing addresses of the owners of the properties. (Note: This information is most readily available from the D.C. Department of Tax and Revenue, Tax Assessors, 941 North Capitol Street, N.E., 1st Floor, Washington, D.C. 20002.)

   G. The name and mailing address of any person who has a lease with the owner for all or part of any building located on the property involved in the application.

   H. Documentation or a copy of the Certificate of Occupancy showing the current authorized use. In cases where a change in one conforming use to another non-conforming use is requested, provide a copy of the past authorized uses.

   Note: All applications are referred to the D.C. Office of Planning (OP). The OP, pursuant to 11 DCMR §3011, reviews applications and submits written recommendations to the Zoning Commission, advising whether the matter should be processed further. For this reason, you are encouraged to contact the OP, within two weeks of filing this form, to discuss your application. The OP can be reached at (202) 442-7602.
