Dear. Mr. Geoffrey Griffis

17304

I'm writing this letter in reference to the new Offender Service Center project proposal to be built on Benning Road NE. I'm a resident of 46th street NE , the corner house to the lot there trying to buy. I have lived here for 5 years, in those 5 years I have not had any problem with the neighborhood or with crime. So I'm writing this letter to oppose the building of the Offender Service Center building. I think with all those Offender that would be in and out this building it will eventually bring the property value down in our neighborhood, not to mention it may up the crime in our neighborhood as well. I have kids, it bad enough I already have to worry about them being in the streets on a day to day base, now I would have to worry if they will make it in the house without being hit on or just scared to walk down the street because of the crowd. I don't care how much you all will say that they wont hangout around in the neighbor .I know they will, just look at our neighborhood Drug Program on the corner of Division and Nannie Helen Burroughs ave NE. So once again I ask you to please reconsider your proposal on building the Offender Service Center in our neighborhood.

Thank You
Stacey Bobb
