Re: CSOSA - (Court Services and Offender Supervision Agency)

In response to the Proposed Construction of a 5-Story Office Building for use by CSOSA on the Benning Road Metro Parking Lot. **This letter is a notification that I live at the address listed below and that I am not in favor of this plan. I do not want this facility built in my neighborhood.**

The reasons are listed herein:

- Safety of Our Children/Schools/Neighborhood
- Decrease in My Property Value & Quality of Life
- Potential of an Increase in Crime in Our Neighborhood
- Loss of Residential Parking to CSOSA Employees/Commuters
- Lack of Police Presence in Our Neighborhood
- Loitering and Unwanted Activity
- Traffic Congestion/Pedestrian Safety at the Benning Road Metro Station
- the Reputation of the Company that is going to monitor this plan

Please use this letter in any manner possible to help stop this plan.

Thank you, #24

I oppose building This sort of building in our Community. Crime and traffic is already at a high level. We have several elementary and middle schools in this area. Our Children will be at risk.

May 5, 2005

Mr. Geoffrey Griffis
Chair of the Board of Zoning Adjustment
441 4th St. NW, #220
Washington, DC 20001

Dear Mr. Griffis,

I am writing this letter as a concerned citizen who resides in the Deanwood community. It has come to my attention that our neighborhood is being targeted as a proposed site for an office building for CSOSA. I just recently learned about this project from one of my neighbor's the week of April 25, 2005. I was never informed of any meetings to discuss this issue from your office. How can you possibly implement something of this magnitude and not notify the residents who will be greatly affected by this project? I personally have to call the Mayor's Command Center once or twice a week, because people park on our street from other jurisdictions. Not to mention the trash and the loitering on our streets. These are just some of the issues that we are faced with, and we know that these issues will drastically increase if this CSOSA project comes to fruition. My question to you is, would you build this type of office building on Capitol Hill, I don't think so! In speaking for the residents in this community, we will do everything that we possibly can to curtail this project. This type of service center needs to be built downtown near the court building, or at another location outside of our community. It is very obvious that your office has an underlying objective, but I just want to inform you that we will not tolerate this injustice!

Sincerely,

Donna L. Wright

Petition

Did you know that Metro plans to build a 5-story building on top of the Benning Road Metro station for a new federal office building of CSOSA, the Court Services and Offender Supervision Agency, to oversee parolees returning to the community from prison? **What will this mean?** There will be 80-90 parole officers and staff working there, about 500 people a day, on parole, coming through our neighborhoods, near Smothers, Plummer, Benning, and Fletcher Johnson schools, more air pollution, traffic and trash. They will come for drug testing, services, meetings, reporting in. What we need are jobs for our residents, security for our seniors, safety for our children and families, and affordable housing in our community. We don't want a repeat of Division and Nannie Helen Burroughs Avenue, with the addicts on the corners and panhandling in our neighborhood here at Benning Road. We, the undersigned residents and community, are opposed to having this site in our community.

Petition

Did you know that Metro plans to build a 5-story building on top of the Benning Road Metro station for a new federal office building of CSOSA, the Court Services and Offender Supervision Agency, to oversee parolees returning to the community from prison? **What will this mean?** There will be 80-90 parole officers and staff working there, about 500 people a day, on parole, coming through our neighborhoods, near Smothers, Plummer, Benning, and Fletcher Johnson schools, more air pollution, traffic and trash. They will come for drug testing, services, meetings, reporting in. What we need are jobs for our residents, security for our seniors, safety for our children and families, and affordable housing in our community. We don't want a repeat of Division and Nannie Helen Burroughs Avenue, with the addicts on the corners and panhandling in our neighborhood here at Benning Road. We, the undersigned residents and community, are opposed to having this site in our community.

Petition

Did you know that Metro plans to build a 5-story building on top of the Benning Road Metro station for a new federal office building of CSOSA, the Court Services and Offender Supervision Agency, to oversee parolees returning to the community from prison? **What will this mean?** There will be 80-90 parole officers and staff working there, about 500 people a day, on parole, coming through our neighborhoods, near Smothers, Plummer, Benning, and Fletcher Johnson schools, more air pollution, traffic and trash. They will come for drug testing, services, meetings, reporting in. What we need are jobs for our residents, security for our seniors, safety for our children and families, and affordable housing in our community. We don't want a repeat of Division and Nannie Helen Burroughs Avenue, with the addicts on the corners and panhandling in our neighborhood here at Benning Road. We, the undersigned residents and community, are opposed to having this site in our community.
