CASE NO. 17309

EXHIBIT NO. 119

RE BZA Application No. 17309, Dorchester Case.

Sir:

13. large houses on 3 1/2 acres across
from a public park? NO, NO, NO!

It would harm the environment,
damaging trees now and the water
table for continuing problems.

It would impact badly on the social
structure of the community, and is
contrary to already codified community
standards.

It is illegal.

Please, do your duty.

Sincerely,
Mancey P. Dutro
