Please answer all of the following questions referencing why the above person should be granted party status.

(If you require additional space, please attach an additional sheet.)

1). How will the property owned or occupied by such person, or in which the person has an interest be affected by the action requested of the Board?

Impact on historic character of block, adverse impact on commercial 24/7 light/space market, precedential impact, procedurally followed.

2). What legal interest does the person have in the property? (i.e. owner, tenant, trustee, or mortgagee)

I live 2 doors to west - owner

3). What is the distance between the person's property and the property that is the subject of the appeal or application before the Board? (Preferably no farther than 200ft.)

50 feet

4). What are the environmental, economic or social impacts that are likely to affect the person and/or the person's property if the action requested of the Board is approved or denied?

Case No. 17319
Exhibit No. 37

environmental - air/light/space
economic - detrimental to integrity of Schneider, built block
social - derogates community values re: footprints, historic

5). Describe any other relevant matters that demonstrate how the person will likely be affected or aggrieved if the action requested of the Board is approved or denied.

My spouse & I spearheaded centennial observation in 1995. (had historic commission conducted as they'd have reached different decision. My spouse was diagnosed with ALS in early '98. We chose not to make changes) McKeever is in no better shape than we are because of her condition.

6). Explain how the person's interest will be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than that of other person's in the general public.

I am immediately affected as owner/resident 2 doors down. I've chosen to live on block, respect footprints & commercial values regarding non-expansion of historic integrity. My property enjoyment, value & neighborhood is threatened by proposed.
