Barbara: You have asked us for an understanding as to the future applicability of the Settlement Agreement between Chatham Lake Associates L.P. and Foggy Bottom Association et al. (known collectively as the "Community Group"), of December, 1992 concerning Square 14, Lots 800 and 812 in the District of Columbia, also known as 2501 Pennsylvania Ave, N.W. This is to set forth that it was the intention of the parties that the Settlement Agreement and its terms was to have continuing applicability to future developers. Donald Dinan
