Re. Application Number 17327

Dear Madam / Sir

Following your letter of March 31, 2005, I would like to express in writing (i) my objection to the size of the single-family dwelling addition that has so far been permitted on 1812 35th Street NW; (ii) the poor quality of the design and construction authorized for this addition to an old house located in the immediate Georgetown vicinity (i.e. across the street from Georgetown); and (iii) my dismay at the fact that the application for a special zoning exception is being sought by the 1812 35th Street Association LLC at such a late stage of construction, i.e when the whole structure has already been erected and brick work on the front completed.

Sincerely,

D. Berthelot

Danielle Berthelot
