Ms. Kress:

I am writing in support of Application Number 17365 for Kevin West at 1535 A St SE.

My property at **1533 A St SE** is next door. I have no objection to the two-story rear addition Mr. West is proposing. The addition will not adversely affect my property; in fact, it will help improve the value of my property as well as the values of other property in the neighborhood.

I fully support Mr. West's zoning application variance to build a rear two-story addition.

Sincerely,

David Hall
