RE: Request for Modification of Existing Order,
BZA Application No. 17373

Dear Member of the Board of Zoning Adjustment:

As the Advisory Neighborhood Commissioner for 8B05, I want to express my strong support for the above-referenced request for modification of existing order of BZA application No. 17373. Your granting of the request for modification will allow The Non-Profit Community Development Corporation of Washington, DC, Inc., (NPCDC) and the AppleTree Institute to offer top quality child development services to my community starting in the Fall of 2008.

AppleTree and NPCDC will build the Douglas Knoll Child Development Center, which will provide three- and four-year-old children with a full-day language and literacy-rich curriculum, which definitely needs to be enhanced in our community. In addition to preschool education, AppleTree and NPCDC will provide a variety of job training, health, nutrition, wellness, and family support programs.

I firmly support any entity that seeks to improve the quality of life for my constituents>

Sincerely,

Tijwanna Phillips
ANC Commissioner
