DECISION DATE: November 29, 2005

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 4D and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 4D, which is automatically a party to this application. ANC 4D submitted a report in support of the application. However, the Office of Planning (OP) submitted a report recommending denial of the application.

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3103.2, for variances from sections 2001.3, 403 and 406.

Based upon the record before the Board and having given great weight to the ANC and the Office of Planning reports filed in this case, the Board concludes that the applicant has met the burden of proving under 11 DCMR § 3103.2 that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with §§ 2001.3, 403 and 406 of the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.
