RE: Application No. 17383, The Lab School of Washington – **CORRECTION**

Dear Chairman Griffis:

Advisory Neighborhood Commission 3D filed its letter with the BZA regarding a series of proposals from The Lab School of Washington on November 8. I regret the letter did not correctly represent the vote of one commissioner on the *Proposed Faculty and Staff Increase*. The correct vote was 5-1-0 based on the following:

The commissioner requested a correction in the reported vote, noting that the dissenting vote and strong opposition were not properly reported or explained by the chair. The motion was "to permit an increase in faculty and staff from 94 to 150." Five commissioners voted to permit a limited increase from 94 to 150, the sixth commissioner was opposed to permitting ANY increase in faculty and staff citing the school is overcommitted at its site.

Thank you for accepting this correction.

Sincerely,

Alma H. Gates
Chair

cc: Allison Prince
Karen Thomas
