Dear Rachel:

I wanted to make you aware of my opposition to the Lab School's request to once again expand its staff and students. I live on 47th Place, about 2 blocks east of the school. The traffic and parking problems associated with the Lab School are already untenable. Adding another 90-100 cars to deliver students and staff will only exacerbate the problem. We did not have the serious problems before their previous huge expansion. Allowing them to expand again will have an additional negative impact on our neighborhood. The high number of schools within a few blocks of each other are causing huge bottlenecks and we haven't even had the St. Patrick's expansion yet. At some point we have to say no to more traffic and allow those of us who pay taxes in DC enjoy our wonderful neighborhood.

My neighbors I have spoken with on 47th Place also are opposed to the expansion.

Thank you.
