Re: Support for The Lab School of Washington - BZA Application No. 17383

Dear Members of the Board:

As a homeowner in the vicinity of The Lab School I want to express my support for the school s application for a student and faculty/staff increase and to locate additional parking in the public space along Whitehaven Parkway. The parking spaces and new sidewalk, which will be funded by The Lab School, will be great conveniences to the neighborhood since they will also provide night and weekend parking for nearby institutions and residents. The 50 parking spaces will relieve much of the parking burden on the surrounding neighborhood while the new sidewalk will greatly increase pedestrian safety. I believe that The Lab School is an important resource for the community and that it should be encouraged to provide learning disabled students the individual attention that is so important to their education.

I fully support the proposed application. I feel confident that the school will continue to be a conscientious and considerate neighbor and will work to resolve any concerns of the neighboring property owners.

For these reasons, I support The Lab School s application to the BZA and I hope that you approve Application No. 17383.

Respectfully,

Mary M. Stein
